

# Math 1534 - Transition Calculus II

Summer 2012

## Calculator Policy

- Calculators ARE permitted during the midterm and final exams, except those calculators that have symbolic algebra or calculus capabilities. In particular, the following calculators and their upgrades, are NOT permitted:
  - TI-89
  - TI-92
  - TI Voyage 200
  - HP-48
  - HP-49
  - Casio FX2.0
  - Casio CFX 9970G
- It is also NOT permitted to use higher memory functions on a calculator, e.g., to store and read formulae. This will be considered (the electronic equivalent of) using notes during exams, which is prohibited and hence academic misconduct.
- Furthermore, PDAs, cell phones, pagers or any other electronic communication devices as well as all laptops must be turned off during all exams.
- Violations of this policy will be referred to the Committee on Academic Misconduct. You are allowed to use basic arithmetic and graphing functions on a calculator that
