Homework: Homework assignments are listed on Dr. Schoutens’ homepage. I will collect homework on Thursdays and return it on Tuesdays. Homework will not be graded; but, you will receive one point for each complete homework set. No late homeworks will be accepted.

Quizzes: Every Thursday, except for the weeks of Midterms and the last week of classes, and Tuesday, May 20 there will be a 10 point, 10 minute quiz. The sum of your five highest quiz grades scaled to 75 points will be your quiz grade. All students are expected to take the quizzes on the scheduled dates. Only students with a valid excuse, like illness, and valid proof, like a doctor’s note can make up a quiz. If you know in advance that you cannot make a quiz, please let me know at least two days in advance.

Extra Help: In addition to Professor Schoutens’ office hours and my office hours, you can receive extra help at the Mathematics and Statistics Learning Center (MSLC) in Old Math Building (MA) room 010. The tutoring room is staffed with Math 152 TAs Monday through Thursday 9:30am-4:30pm and Friday 9:30am-1:30pm. There are also evening tutoring hours in Youkin Success Center, room 211, 1640 Neil Ave. from 5:00pm until 7:00pm. For more information on the MSLC, you may want to visit www.mslc.ohio-state.edu.
