

A MathWorks Account is required to purchase the Student Version. Below I have included instructions for creating a MathWorks Account and instructions for purchasing the Student Version online.

To create a MathWorks Account:

1. Go to [mathworks.com](http://mathworks.com) and click “Create Account” (located under the search area on the top right of the page). Please supply all correct, required information and click “Submit.”
2. The next screen will request that you supply information regarding areas of interest and student information. This is optional, but to better serve you we do recommend you complete the fields and click Submit. Then click “Continue.”
3. You are now logged into your account.

To purchase Student Version online:

1. On your Accounts Main Page, click Visit the Store located under the My Purchasing heading. The link is located under the menu on the left hand side of the page.
2. From inside The MathWorks Store click the Buy Now button.
3. Next select the Release and Platform for the Student Version you require and click “Continue.”
4. Select the products for your order. Place a check in the top box for MATLAB & Simulink Student Version and do the same for any additional toolboxes desired then click “Continue,”
5. The “Product Cart” screen allows you to review your order, and then click “Checkout.”
6. The next screen may request verifiable student information, fill out all fields and agree to “Accept Terms.”
7. At “Confirm Address of Use” enter the complete address where the software will be used and click Continue.
8. At Billing, specify the credit card information, and billing address associated to the credit card. Please make sure to supply the current billing address for where your credit card bill is being sent. If the addresses do not match this could cause your order to fail authorization. Then press “Continue.”

Upon completion of checkout you obtain an Order Number. Be sure to store this Order Number for your records. After your order has been processed you will receive a confirmation email including a License Number and download instructions.
