MATH 131.03
FALL 2007

General Information.

Instructor:	Bart Snapp
Email:	snapp@coastal.edu
Room and Time:	MWF 211 Wall Building 1:30–2:20
Office:	101H Wall Building
Office Hours:	MTWF 10:30–11:30 or by appointment.
Class Webpage:	http://ww2.coastal.edu/snapp/131/
Deadline to Drop:	Friday, August 24th, 2007
	Friday, October 26th, 2007 (W)
	Friday, December 7th, 2007 (WF)
Textbook:	*Trigonometry.* Sullivan.—8th ed.

Grading. There are 600 points to earn in this course:

- 10 points (on average) for each quiz—we will try to have a total of 10 quizzes.
- 100 points for each exam—there will be 3 exams.
- 200 points for the final exam.

Grades will be based on the following:

0–359	F	390–419	D+	450–479	C+	510–539	B+	540–600	A
		360–389	D	420–449	C	480–509	B		

If for some reason we are unable to award 600 points in this semester, then the grading system will be scaled accordingly. You can check your grades at anytime using Blackboard. Check out:

$$\text{http://webct.coastal.edu/}$$

Homework. I will not collect homework. However, I am more than happy to discuss homework questions in class or in office hours.

Quizzes. Quizzes will be given on Mondays. The quiz questions will be taken directly from the homework.

Exams/Final. We will have three exams, not including the final. They will be announced at least a week in advance and will be spaced evenly throughout the semester. We will discuss their format in class.

- The final is on Tuesday, December 11th 8:30–10:30AM.

Policies. The University requires you to attend at least 75% of classes during the semester. Absences, whether excused or not, do not absolve you from your responsibility to keep informed as to the goings-on in this class. Please get the notes from any class missed from another student. Remember, **you miss school, you miss out!**

Any student with a documented disability needing academic adjustments or accommodations is requested to speak with me during the first week of class. All discussions will remain confidential.

Mathematics Learning Center. The MLC is open to all CCU students and is a service that you have already paid for. It is located in Prince 209 and is open Sunday 4:00PM to 7:00PM, Monday through Thursday 8:30AM to 7:00PM, and Friday 8:30AM to 1:30PM. I highly recommend visiting the MLC!

Course Overview. Here is a **rough** outline of what we will be covering this semester.
- Chapter 2: Trigonometric Functions.
- **Exam 1**
- Chapter 3: Analytic Trigonometry.
- Chapter 4: Applications of Trigonometric Functions—Sections 1 through 3.
- **Exam 2**
- Chapter 5: Polar Coordinates; Vectors—Sections 1 through 4.
- **Exam 3**
- **Final Exam**
